

## K-9 Epilepsy Resources Quick Links

When researching information, know there are some excellent Canine Epilepsy resources out there, including valuable references, studies, informative links, definitions, descriptions, suggested reading materials, veterinarian articles, videos, glossary of medicines, diet and nutrition tips, first aid, genetics connection information, support groups, and mailing lists. They are there to help Epi-Dog parents worldwide; to listen, and to share their expertise and experiences.

**Please know that you are NOT alone in your journey.** For an extensive list of resources and important Canine Epilepsy information, please order my book, *EPIC Dog Tales: Heartfelt Stories About Amazing Dogs Living & Loving Life With Canine Epilepsy* ([available through our online Book Store at ArcticHouse Publishing and Amazon](#)). A portion of sales is donated for Canine Epilepsy research through my **#LiveGibStrong K9 Epilepsy Awareness Campaign** for “Emma’s Seizure Fund” through the Epil-K9 Foundation housed at North Carolina State University College of Veterinary Medicine.

Here are some excellent informational resource sites (*if links do not take you directly to the site, or show up as “not available,” try copying and pasting the URL into the browser’s address bar*):
